\* Connectors not included.

### Buran Refrigeration Dryer (x1)

Buran Dryers are manufactured from robust, corrosive resistant materials. The dryers are equipped with a zero-loss, electronically controlled condensate drain, a dewpoint indicator and a visible operator control panel.

### DF Pre Filter (x1) + DF Post Filter (x1)

The Donaldson DF filters are designed for high quality filtration in a wide range of applications. The DF filter's flow-optimised filter design means unrivalled performance and efficiency.
